HEARTH PRODUCTS

Designed to heat. Built to Last.

For over 25 years, unsurpassed quality and craftsmanship have made us an industry leader in innovative heating systems. Design, functionality, and efficiency merge to create exceptional products that will exceed all expectations. Whether time-honored traditional or bold and modern, our dynamic range of products will compliment any home décor. With a complete line of fireplace inserts, and freestanding stoves, we have the perfect solution for your heating requirements. We won't just meet your expectations; we'll exceed them...

Designed to heat.
Built to last.

THE CABELLO

The Cabello is the newest edition to our line-up of wood burning fireplace inserts. Like the Boston, The exterior of the Cabello is made from traditional cast iron, detailed with reliefs and curves designed by our craftsmen. Unique to the Cabello, it's flush face design allows it to protrude a mere two inches from your existing masonry.

Design Features

- Flush Face Design
- Cast Iron Exterior
- Chrome Plated Latch with Wooden Handle
- 1200 or 1700 Firebox
- Limited Lifetime Warranty
- Glass Size: 177 in²
- Optional Oversize Surround

Flush Cast Iron Design

150 CFM Adjustable Fan Control

Chrome Plated Latch with Wooden Handle

Cabello Cast Iron Fireplace Insert

Exclusive Performance Features of all Enviro Wood Inserts

- Large firebox capacity for long overnight burns.
- Single, easy-to-use air control adjusts the heat output and regulates the fire.
- Twin pilot injection ports tuned to deliver fast start-up. These injection ports are 3" above the firebox floor so you can build a good deep ember bed and not affect low burn or start up.
- Ultra strong air wash helps to keep the glass clean
- High efficiency 150 cfm variable speed fan with override switch for convection heat.
- Radiant heat is maximized through the large glass area (177 in²)

Enviro Insert Features

- Clean Burning - EPA tested as low as 3.3 g/hr.
- Enviro gives you an limited lifetime warranty on the firebox baffle.*
- Our Ultra Strong Air wash keeps the glass clean longer, giving you an unobstructed view of the big, bright, beautiful fire.
- Radiant heat is like sunshine. With the largest glass door, Enviro's are the best radiant heaters.
- The convection fan moves the heat further into your home.

* See owners manual for details.

THE BOSTON

Making its debut in the beginning of 2011 the successful Boston series combines a beautiful cast iron exterior with the raw power of an Enviro wood burning firebox. The tested design and build quality of the Boston Fireplace Insert strikes a perfect balance of functionality and aesthetic feel.

Design Features

- Cast Iron Exterior
- Chrome Plated Latch with Wooden Handle
- 1200 or 1700 Firebox
- Limited Lifetime Warranty
- Glass Size: 177 in²
- Optional Oversize Surround
- Painted Black Finish

"Progressive Burn Technology"

LONG BURN TIMES -

Progressive Burn Technology is designed to keep hot embers in the firebox after a nights burning. This process is achieved by restricting the air in the back of the firebox, leaving hot embers for you to start up your insert again.

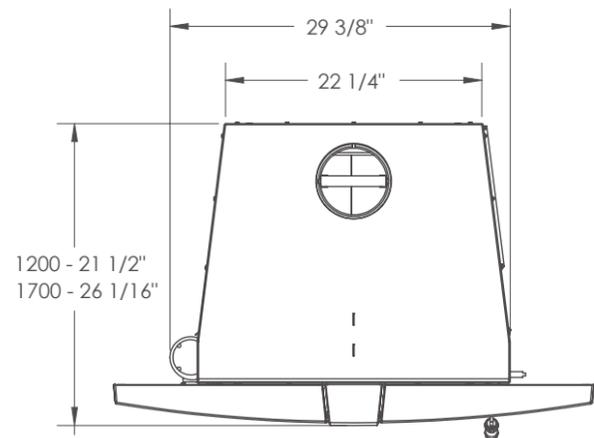

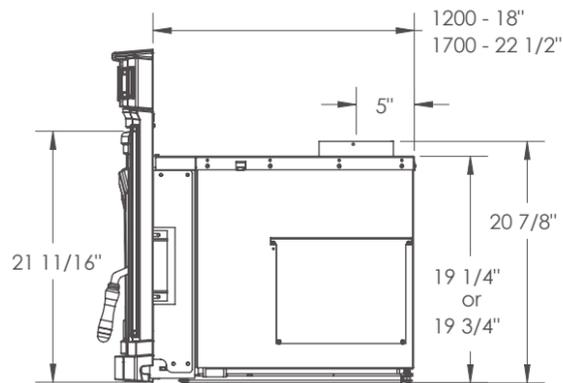

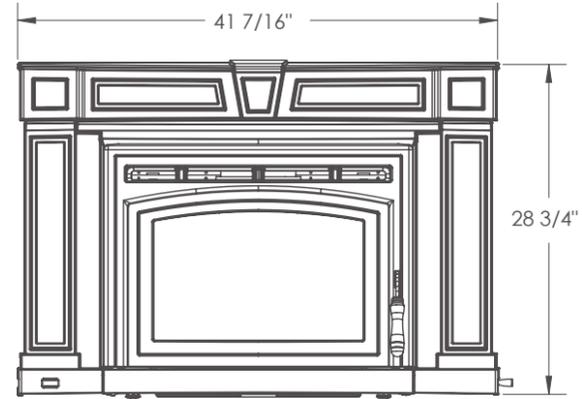

CLEAN BURNING -

Our secondary air tubes add super-heated air to the fire as the burn progresses to the front. This maintains efficiencies and keeps emissions low.
